

# **Scottish Water Energy Policy**

**Our Energy Policy is to:**

**Our goals are to:**

- 1. Take a whole-system approach to energy, supporting the Scottish Government Energy Strategy (Future of Energy in Scotland; 2017)**
- 2. Support 3rd Party Investment**
- 3. Always strive to become more energy efficient**
- 4. Grow renewable energy**
- 5. Ensure the maximum utilisation of generating assets**
- 6. Continuously optimise our energy billing and purchasing processes**
