

2021 Wholesale Charge Deferral Scheme – Application Declaration

V1.0 23/06/2021

Notes: A copy of this declaration must be provided with each application for the Wholesale Charge Deferral Scheme. As applications can be submitted in batches, one copy of the declaration should be provided with each email batch application (i.e. one declaration per SPID or application type is not required if there are multiple SPIDs and /or application types being applied for in a single email submission). The declaration should include the name of the authorised representative of the Licensed Provider responsible for submitting the application(s) and the date that the application has been submitted.

Application Declaration

By submitting this application for the 2021 Wholesale Charge Deferral Scheme, I confirm that for every SPID included in the application:

- 1) the customer is either:

 - b) a ‘Non-Engaged Customer’ as defined in The Water Services (Wholesale Charges Relief Schemes) (Amendment) Directions 2021; or
 - c) an unmeasured customer eligible for the removal of volumetric charges as set out in section 2.3 of Scottish Water’s 2021 Wholesale Charges Deferral Scheme Guidance for Licensed Providers document.
- 2) Scottish Water is given consent to contact the customer as required in connection with the application.

I also confirm that the information contained in this application has been compiled with due care and attention and is, to the best of my knowledge, correct.
