

# Scottish Water

Trusted to serve Scotland

## Why this project is required

Kiltarlity Waste Water Treatment Works (WWTW) is located on the edge of woodland to the north of the village of Kiltarlity and requires to be upgraded due to growth within the catchment. This work will ensure that the WWTW will be able to continue to meet the needs of the growing community over the years to come whilst also protecting the environment.

### Scope of Works

- Upgrade aeration system
- Install a new 28m<sup>2</sup> storm tank
- Replace existing inlet works
- Replace existing sludge holding tank with a new 35m<sup>2</sup> tank
- Upgrade existing access road
- Install new electricity network, ducts and pipework
