

**Scottish
Water**

Trusted to serve Scotland

Welcome

Thank you for attending today's event about our Occumster/Upper Lybster Water Mains Project.

With our alliance delivery partner, Caledonia Water Alliance (CWA), Scottish Water are currently replacing approximately 4.7km of Water Main to ensure our customers continue to enjoy, clear, fresh drinking water and to reduce the chances of pipes bursting in the future.

The objectives of today's event are:

- To provide an overview of the planned works.
- To provide details of the upcoming planned road closures.
- To answer questions and discuss any concerns.

We have information on:

- Where this work will take place
- What this will involve
- The approximate duration of the work
- How to contact us should you have a query.
