SITE LOCATION AND PROPOSED LAYOUT

Construction update?

- Site accommodation, compound and car parking constructed
- Alternative access road constructed
- Gabion retaining wall constructed
- Bulk earthworks operation ongoing with an expected completion date of Christmas 2021
- Existing access road being resurfaced

Site Access Road

- Alternative access road opened 23rd Nov
- Heavy construction traffic routed along the Niddry Farm Road rather than Craigton Place
- Road sweepers are being used to clean Niddry Farm Road

Estimated Site Traffic Movements

Phase 1: Earthworks – Present to Dec 21

- Approx. 60 wagons per day until 22nd Dec 2021
 - Removal of material from site
 - Import of new structural fill

NOTE: Most intensive period for construction traffic movements

Phase 2: Civil Works – Jan 22 to Sept 22

- Estimated 500 concrete lorries required with frequency variable throughout programme

Phase 3: M&E Install – Oct 22 to Oct 23

- Relatively infrequent deliveries of plant & mechanical equipment which will likely be routed down Craigton Place

TIMELINE OF WORKS – update!

- Mar 21: Ground Investigation complete
- Summer 21: Planned start on site
- Autumn 21: Completion of enabling works
- Autumn 22: Completion of civil works
- Autumn 23: Construction complete
- Spring 24: Commissioning complete
